Attention, Democrats!

The Democrats of the First and Second Wards will meet on Friday night, July 2d, at Schwind's Exchange, north side of Jefferson street, between Hancock and Clay, to nominate a candidate for Justice of the Peace in the First District. A universal attendance is required, as other business of importance will be transacted.

Our Anti-Leecompton Neighbor.

Some time ago we commenced doctoring our neighbor of the Democrat for his anti-Leecompton madness, but he got no better fast, and left him in the hands of time to effect the cure. We put him on probation until the 1st of July, at which time he was either to lose his head or regain his place in the Democratic ranks. As of the probation period drew near, we had strong hopes of saving our neighbor, but that day has come, and he is not yet out of danger.

He has quit writing his long and heavy articles in support of his anti-Leecompton heresy. He agreed to vote for Leecompton Democrats in preference to anti-Leecompton Know nichts. He actually put the names of anti-Leecompton Democratic candidates at the head of his columns, and occasionally said a word in favor of some of them. These things looked well, and we began to think that all would be right with our neighbor by to-day.

But our neighbor did a very wrong thing yesterday, which sets him back considerably. He again denounced the Presidents Kansas policy, which is the doctrine of the South, in very bitter terms.

We said that the Democrats who were in favor of admitting Kansas as a slave State, had split up the party. In thus speaking, of course he reminded every one of the jayhawks' who'd accused his eleven brethren of being "very stubborn fellows." *Ex-Jayhawk* Democrats in this part of the country, in fact, are cleverer than we are as the anti-Leecompton.

Our neighbor, having done so well to be excused just now, would be at once forgiven. We shall therefore extend his probation period a little longer. *W. F. G.* was to give him up for lost while there is a hope of saving him, and we can't take him into full Democratic fellowship until his record is clearer. We think, however, that we shall get him right by the first of August—We shall give him until then anyhow, and then finally determine what to do with him.

MYSTEROUS DISCOVERY—SUPPOSED MURDER.—Mr. CONNALLY, a young man, and a respected citizen of Milton, Trimble county, Kentucky, had been missing from home some two weeks, and on Tuesday his body was found in the woods near by covered with leaves. He had evidently been murdered, as three bullet wounds were found on the body. When he went away he was known to have a splendid gold watch and over \$50 in money, but when he was discovered the money and watch were missing, and the impression among the neighbors is that he was murdered and his robbers. The affair has caused a great deal of excitement in that vicinity, with as yet no clue to the perpetrator of the bloody deed.

THE NICARAGUA TRANSIT.—The transit route through Nicaragua from the Atlantic, is infinitely superior to that by Panama, and, of course, the New York speculators have, since Walker's expedition, been successful. He has advanced \$100,000 to the Nicarguan Government, and agrees to forfeit if the line is not opened in ninety days.

Commodore Vanderbilt has steamers ready, on both the Atlantic and Pacific sides, and it is confidently stated that the Nicarguan transit will be reopened in the course of a couple of months.

SHOOTING AFFAIR—CHARGE OF MURDER.—On Sunday, Alex. McCoy, resident of Trimble county Ky., was shot dead by Saviour Fry, of Saluda, Indiana. McCoy and others were on a drunken frolic and went to the mouth of Saluda, a creek some twelve miles below Madison, near the residence of Fry, and getting into an altercation with the latter, he seized a loaded gun and shot McCoy in the breast, killing him almost instantly. Fry fled, and though pursuit was instituted, he has not been caught.

The Mount Sterling Whig says: In the case of the Lexington and Big Sandy Railroad Company vs. Quisenberry, from the Clarke Circuit Court, the Court of Appeals, last week, affirmed the judgment of Judge Goodloe, that the stockholders of the road were bound to pay their subscriptions. We presume those who have been sued will now come forward and pay.

FATAL DUEL.—The telegraph advises us of a fatal duel in New Orleans. The parties were Mr. Israel Gibbons, local editor of the New Orleans Crescent, and Mr. Hanton, of the True Delta. Gibbons was killed. He served his cause as a printer in this office. His mother and brothers reside in this city.

We learn that the corpse of a woman, with nothing on but a night-gown, supposed to be one of the lost by Pennsylvania, was picked up by a Mr. Davis, recently, and buried in Indian Point. It is also stated that several bodies have lodged on Island 74, and a number of others were seen floating down the river.

Our exchanges, from almost every part of the country, contain accounts of the fatal results of sun-strokes, during the hot weather of the last week.

The Democrats of Perry county, Ind., have nominated Hamilton Smith, formerly of Louisville, for the Legislature.

Five persons were killed by sun-stroke in New York on Saturday, and several others were taken up senseless.

Sacramento.—Twenty-one persons united themselves with the Christian Church, at Newtown, Scott county, during a late revival at that place.

DOUBLE MURDER.—Andrew Roosa, a German, residing in Montgomery, sixteen miles from Cincinnati, has been arrested charged with murdering his mother-in-law and her husband, some time since.

CENTRAL AMERICA.—It has already been stated that the French Government has disavowed, through its resident Minister here, all complicity in the transactions of Mons. Bally, by which that personage has endeavored to interfere with a free transit across the Nicaraguan isthmus. The Washington Union confirms the statement as to the prompt disavowal, and concludes with the following paragraph:

CELEBRATION AT ST. MARY'S COLLEGE.—The national anniversary will be celebrated on the 15th ult. at St. Mary's College, near Lebanon, Marion county, which, in connection with the annual exhibition of foreign Powers in this quarter, but with the general design of the affair, will afford a field for lawful rights of our citizens, and guard our national interests from jeopardy in that part of the world.

Extraordinary Test of Telegraphing—Louisville to Cincinnati in 12 Hours.

The following special dispatch to the Gazette, from Louisville, delivered to the office in that city on Monday evening, was placed in our possession yesterday morning, having been conveyed over the entire distance of 250 miles in less than half an hour, by the means adopted by the mail managers of the Union Monopoly, in this city, in the extraordinary (and unprecedented for this line) short space of TWELVE hours. People who desire the present test of transmission of intelligence will at once discover the advantages to be gained by withdrawing their patronage from Uncle Sam's Stage Coach and Railroad lines, and transferring it to the "Union Telegraph," whose motto is, "Speed is Strength." Our stage coaches are speeded, should be. *How pudicus aquilæ.*

[Special dispatch to the Cincinnati Gazette.]

DETROIT, June 29.—The Macomb County Bank, which remained open a few days, has failed again.

D. PRESTON & CO.

General Items.—Twenty-five cents an hour are paid laborers on the St. Louis levee by the steamboats.

The garlanding Frenchman, Mons. Bally, who has been playing the deuce with political affairs in Central America, has arrived in New York.

In Virginia, a man sent to the penitentiary the third time, is never allowed to quit the institution. A man named Balfour recently sent there, finds himself in this predicament.

Archbishop Hughes has caused Mr. James Barnes, of the Albany Law School, to be arraigned on the charge of libel. Mr. Swan was admitted to bail in the sum of \$1,000 on Saturday.

The Governor of Vancouver's Island had issued a proclamation declaring the exclusive right of the Canadian Colonies to govern themselves, and the Indians in the British Possessions on the Northwest coast of America, to the exclusion of all other persons, whether British or foreign.

Great ACCUMULATION OF CAPITAL.—The great accumulation of capital in the name of one person, on deposit in small banks of the city, now exceeds \$100,000. The man who refused to give \$5 for a charitable purpose, declaring that he was not able, because so much of his money was lying idle in the banks.—*Boston Ledger.*

WHEN CORN GROWS.—Dr. J. R. Harrison, of Moore's Cornfield, Va., has made arrangements to raise some corn experiments to determine whether corn grows, as is generally supposed, more at night than by day. August 1, corn grew in twenty-four hours five inches; at night one and a half inches. August 2, it grew four and seven-eighths, and at the third, one and seven-eighths, and in the day three inches.

Reported expressly for the Louisville Courier.

LOCAL MATTERS.

The old man Ayres who was sun struck on Tuesday last, has recovered.

L. & N. R.R.—Attention is called to the change in the departure of the Hardin county train. It will hereafter leave Louisville at 2:30 P. M.

MONEY FOUND.—We hear that a German was seen to pick up a huge roll of bank notes on the pavement, near the corner of Fourth and Market streets, Tuesday.

A couple of passengers on the Jacob Straeter, yesterday, attempted to pass several counterfeit \$2 bills on the Merchants' Bank of Massachusetts. We shall therefore extend his probation period a little longer. *W. F. G.* was to give him up for lost while there is a hope of saving him, and we can't take him into full Democratic fellowship until his record is clearer. We think, however, that we shall get him right by the first of August—We shall give him until then anyhow, and then finally determine what to do with him.

THE MARION RIFLES paraded last night—separately choosing night, to a hot march under the piercing rays of old Sol. The company is exceedingly well drilled.

A friend, whose cognomen of Black Diamond reveals his identity, was reluctantly forced to thrash a man for a good reason, yesterday. He certainly proved himself "diamond of the first water."

THE RUFER, of the St. Charles Restaurant, Fifth street, furnishes his patrons with clam soup, as well as other good things, for lunch to-day. Charley will immortalize himself as a caterer for the time to come.

OLIVER LUCAS, Esq., the sprightly local editor of the Memphis Avalanche, dropped in on us yesterday. Our gay friend is as old, full of joke as an egg is of meat. 'Tis meet he should be.

CELEBRATION AT HENRYSVILLE, IND.—EXCURSION TRAIN leaves Jeffersonville for Henrysville, Ind., at 9 A. M. returning same evening, on Saturday July 3d, 1858. A grand celebration, dancing, fun, &c., is to take place there on that day. The railroad charges only half price.

PATRIOTIC OBJECT.—A concert will be given in Portland on Friday night, the proceeds of which are to enable the Avalanche to purchase the office of the newspaper.

INTERESTING STATISTICS.—We are indebted to Mr. Alfred Luckett, of the Louisville and Frankfort Railroad office, for the following interesting statement of the number of bags of wheat and barley shipped over the Louisville and Frankfort and Lexington and Frankfort Railroads, from July 1st, 1857, to July 1st, 1858:

Number of bags wheat received at depot... 184,965

" " " " " barley... 15,175

Total number of bags... 200,140

which there were 90,175 bags of wheat received by the road to New York, Baltimore, Philadelphia, Pittsburgh, and Cincinnati, leaving 6,792 bags received by parties in Louisville; also 8,065 bags barley reshipped to Cincinnati and Lexington, leaving 7,080 bags received in Louisville.

The number of barrels of flour received at the depot for same time was 14,524 barrels, of which there were 6,533 reshipped by the road to Baltimore, Philadelphia, New York, and New Haven.

CELEBRATION.—The annual meeting of the Avalanche, on Saturday evening, will be closed for repairs and re-decorations. This evening the historical tragedy of Coriolanus will be repeated. It is one of Shakspeare's finest works, and great attention has been paid to the scenic details by the management. Mr. Loraine performs the part of Coriolanus with great dignity and force, and the Volumnia of Mrs. Gilbert is a piece of admirable acting, which would do credit to any of the star tragedians of the day. The acting of Mr. Loraine as Menenius Agripa, and of Mr. Nagle as Aufidius is excellent, and indeed the whole piece is most creditably done. We hope to see it attract a crowded audience for it deserves the attention of the public.

THEATRE.—But two or three more nights remain for the present season, when the theater will be closed for repairs and re-decorations. This evening the historical tragedy of Coriolanus will be repeated. It is one of Shakspeare's finest works, and great attention has been paid to the scenic details by the management.
